Universal USB 3.0 DV Docking Station with Power

Create a dual beyond HD video workstation or connect a single 2K monitor with the Universal USB 3.0 DV Docking Station. It delivers integrated power and charging, and it's designed to support multiple host platforms and brands for a broad range of compatibility with peripherals and devices. With four USB 3.0 ports (including one that's high-powered for charging devices) plus a USB-C type port and an Audio In/Out port for speakers, mics, or headphones, it's easy to customise your workstation.
